Excerpt: . . . 11 ensure that in achieving their regulatory goals the EU not also impose arbitrary barriers or fail to comply with its international obligations. One way we are seeking to minimize the impact of regulatory divergences on trade and investment is to examine closely our respective approaches to regulation. The Transatlantic Economic Council has spurred new discussions on our respective approaches to risk analysis, cost-benefit analysis, and the assessment of the economic impact of regulation on economic activity. We have also discussed regulatory approaches in particular sectors, including the food, drug, chemical, automotive, and electrical electronics sectors. A core function of the Transatlantic Economic Council is to encourage our regulatory agencies to collaborate, wherever possible. We are working to create the expectation among our regulators that part of their job is to cooperate with their transatlantic counterparts. Regulatory cooperation would not just benefit trade - it can also promote more effective regulation. When we both face increased imports from areas where regulatory systems are still...
