Mankind's new home among the stars is more than they ever imagined when they left Earth. The settlers are surrounded by bizarre alien creatures that are often as deadly as they are amazing. Their lives are filled with the wonders of technology, but are held together by the strength of their resolve. Mankind walks this new world hand in hand with wafans, their sister race of sentient living machines, designed during the darker days of humanity's past. This is the world we live in, this is New Horizon. New Horizon is a roleplaying game that incorporates elements of science fiction, fantasy, utopian and dystopian fiction, and speculative fiction. New Horizon is a setting where advanced technologies and futuristic innovations are interweaved with the primeval roughness of an untamed world. It is a place where technology and nature are often seen struggling against one another, each protecting itself from the spread of the other.

Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This pdf may be worth acquiring. It is definitely simplified but surprises inside the fifty percent of the pdf. I am pleased to let you know that this is the very best ebook we have read inside my own lifestyle and could be the finest publication for ever.
