

Inspirational Word Weaving by Tianyvu the Bringer of Light

By B E Robinson

Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. Large Print. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a book of poetry that has its roots in the inspiration that we can receive from nature, people, and situations that are beneficial for the body, soul, and spirit. This is an attempt to broaden the mind space and help foster a creative stimulus for greater concepts to come into being that will shed light in the dark spaces of the mind and heart. My name Tianyvu, is pronounced, tee-awnee-voov, and it means the Bringer of Light, and that can be any light that helps the human being to be the person they were meant to be, and in the process help the world become a better place for us all. It is my wish that this poetry be read with an open mind so there not be any blockages in the flow of the subtle messages that are seeds in the words, so enjoy, and may peace be with you.
