By Jim McPherson

In 4825 Year of the Dome, forces loyal to the Death Gods of Frozen Lathakra threaten to overwhelm the Utopian Weirldom of Cabalarkon. Its demonically-empowered Master counterattacks mercilessly. In the nearly 5,000 years since the Moloch Sedon preserved it from the Great Flood of Genesis, the Hidden Continent has never experienced such approaching apocalyptic devastation. Set in the Year of the Dome 48245, Hellion presents a terrifying dilemma that Thryragos Everyman and his Unities, freewheeling anarchists the loathsome load of them, must resolve lest the post-Thryragon Era of Empires results in the Second Great Flood. As for Master Morgan Abyss, it isn't a matter of better the Devil you know. It's a matter of, when dealing with the Devil above, singular and capitalized, never forget the devils below, small case and plural. It's a lesson she learns all too rapidly. Ah, but is it a lesson she also learns all too fatally. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Perfect Paperback.
