

Abnormal Psychology: An Integrative Approach (Seventh Edition)

By David H. Barlow, V. Mark Durand

Cengage Learning India, 2015. Softcover. Condition: New. 5th or later edition. New edition continues to lead the market with cutting-edge research, including the role of friendship cliques in the etiology of eating disorder and research on mothers with eating disorders who also restrict food intake and their children in Chapter 8 a discussion of one large study that found that almost two thirds of college students in their fourth year had been offered illegal prescription stimulants and 31% used them - usually to improve studying in Chapter 11 and updated research on assessing brain activity (fMRI) in individuals during active episodes of delirium as well as after these episodes in Chapter 15, as well as updated legal rulings on involuntary medication in Chapter 16 Every chapter in the Seventh Edition has been carefully revised to reflect the very latest research studies on psychological disorders, with hundreds of new references appearing for the first time. Unlike texts that take a single-cause, single-treatment approach, Barlow and Durand cover treatment in each chapter. Frequently, a single case is carried throughout the discussion of each disorder, including coverage of treatment issues and outcomes. Case studies featuring real clients are incorporated into the flow of...
