WWW.Bnpublishing.com, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Options talk can be very technical but Show Me Your Options is broken down into bite-size chapters and useful options analogies that will help anybody muddle through options trading and come out on the other side with a couple of strategies they can use right now. The measure of a great trading book is whether I can take what I read last week and inject that into my trading on the next. Mission accomplished guys. Jeff Pierce Contents Introduction Chapter 1 Options are not assets, they are bets. Chapter 2 Every option contract has a buyer and a seller; one is long, one is short, but which one has the best odds of winning? Chapter 3 Strong trends are the friend of an option buyer and the enemy of an option seller. Chapter 4 Time is an option seller s friend, but the option buyer s enemy. (theta) Chapter 5 volatility is the option buyer s friend but the option seller s enemy. (vega) Chapter 6 How much of the move do you get for the money? (delta) Chapter 7 Stocks for rent: covered calls Chapter 8 Selling lottery tickets: naked options Chapter 9 Buying lottery tickets: deep out-of-the-money options Chapter 10 Trends determine who wins: strangles and straddles Chapter 11 The twins: every position has a synthetic relative Chapter 12 Spreads: ratio, calendar, diagonal Chapter 13 The wind beneath the pro s wings: butterflies and condors Chapter 14 Dealing with the behavioral problems of immature options Chapter 15 A trader s choices: insurance, stop losses, or ruin Chapter 16 Your method, your rules, your edge Appendix A: Relative time value of options based on the time to expiration of the contract Appendix B: Odds...
