Ken MacDonald, United States, 2013. Paperback. Condition: New. Sam Guay (illustrator). Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Pellet stoves have an aura of mystery surrounding them. There s quite a bit of buzz about them, but accurate information is hard to obtain, and apparently conflicting claims abound. I set out a few years back, not to write a book, but to buy a pellet stove for my home. As I probed deeper, my fascination with this astonishing technology grew until I concluded that pellet stoves are what other heating systems want to be when they grow up. Nearly all conventional heating systems today are centered on post-Civil War technology. The modern pellet stove is truly the only 21st Century heat source in terms of safety, cost savings, and unparalleled comfort. Pick up this book and find out whether a pellet stove could be right for you. This is the only book around that gives in-depth consideration to all of the factors that will influence your satisfaction with a pellet stove. The reasons behind the extraordinary economy and home comfort obtainable only with a pellet stove are discussed, and there is a special section devoted to wood stove owners who are considering a switch. In many cases, even folks using -free- firewood will save money with a pellet stove. Almost as important, I realize that for some people, a pellet stove is NOT the right solution, and point out a number of -wish I d known that beforehand- things, so that you can make an informed decision whether a new stove would fit into your lifestyle. - Ken -Growing up in the epicenter of pellet stove technology, I know that homeowners are often confused about the benefits and cost savings associated with pellet stoves. Until now, there...
