Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Joey Brooks is a high school sophomore by day and an alternative video blogger by night. He shares his family dramas, school traumas, make up tips, and heartbreaks with the world. His latest crush, Myles, is a possibly straight classmate in a long line of hetero heartbreakers. Myles closest friends are a group that has tortured Joey his whole life, but that doesn't stop Joey from forming a fragile relationship. Michelle Herring is one of the most popular video bloggers on ViraLog with millions of followers and a juicy secret she can't share with them. Then her lover's wife tells the world who she really is, and Michelle flees England with the full fury of the tabloids breathing down her neck. She settles in sunny North Carolina as an unremarkable, though remarkably beautiful, police officer in a small town where nothing ever happens. Until Myles Bonham goes missing one night.
