Reviews

A brand new e book with a brand new standpoint. It really is simplified but unexpected situations in the 50 % of the publication. Your daily life period will likely be transform as soon as you full looking over this publication.
(Dr. Carmine Hammes)

THE LITTLE BOOK OF BIG HISTORY - THE STORY OF THE UNIVERSE, HUMAN CIVILIZATION, AND EVERYTHING IN BETWEEN (HARDBACK)

PEGASUS BOOKS, United States, 2018. Hardback. Condition: New. Language: English . Brand New Book. The Little Book of Big History is an endeavor to encapsulate the entire story of the cosmos, from the Big Bang to the current day, into an engaging and comprehensive narrative. Combining methods from history, astronomy, physics, and biology to draw together the big story arcs of how the universe was created, why planets formed, and how life developed, the result is a unique perspective of mankind's place in the universe. Excited by the alternative framework for all knowledge that is offered by this approach, Bill Gates is funding the Big History Project, which aims to bring this concept to a wider audience around the world. The Little Book of Big History breaks down the main themes of Big History into highly informative and accessible parts for all readers to enjoy. By giving a truly complete timeline of world events, this book shines a whole different light on science as we learned it and makes us think of our history--and our future--in a very different way.
