THE NEW OXFORD BOOK OF CAROLS: PAPERBACK

Oxford University Press, United Kingdom, 1998. Sheet music. Condition: New. Reprint. Language: English . Brand New Book. Music and texts of 201 carols for the Christmas season (many in more than one setting), each with copious notes on historical background and performance. An extensive general introduction gives an overview of the history of the carol, and there are a number of appendices dealing with specific areas of the repertory. The book s approach is an attempt to rediscover the native vitality of material that has sometimes been debased and sentimentalized, by means of authentic period settings and a concern for historically informed performance.
