Speedy Kids, United States, 2014. Paperback. Book Condition: New. 274 x 210 mm. Language: English . Brand New Book ***** Print on Demand *****.Because children are learning about the world of imagination and are more than eager to engage in all things imaginary, the physical activity of coloring imaginary princesses in a coloring book brings a sense of reality to the activity. Within the visual outlines of a princess lay the endless possibilities of that child s imagination that can be created on very real paper. For a child, focus and attention become the natural result of engaging the part of the brain responsible for creative thought. The more frequently the child is engaged in the coloring book princess the more extended the attention.
